

Omnitrans E Street Corridor sbX BRT Project Construction Alert – February 20 to 24, 2012 On E Street and Hospitality Lane in San Bernardino

This week, crews will be working during the day and late at night on the west side of E Street in select areas between 10th Street and Hospitality Lane. Crews will also begin working late at night on the north side of Hospitality Lane in select areas between E Street and Tippecanoe Avenue.

Activities include tree removal/relocation, saw cutting, potholing, temporary relocation of traffic signals and street lighting, water meter relocation, and paving.

In order to establish a safe work environment for crews and the public, traffic control measures are implemented that allow for at least one lane in each direction to be open.

Maintaining access to businesses is of high importance and signage is placed throughout informing the public that they are open during construction.

We appreciate your patience during construction. For more information, please call the project helpline at (855) sbX-NEWS / 729-6397.

Night Work: Water Meter Relocation

Timing: Mon., Feb. 20 to Thurs., Feb. 23 – 10:00 p.m. to 7:00 a.m.
Fri., Feb. 24 – midnight to 7:00 a.m.

Location: Select locations on E Street between 10th Street and Hospitality Lane; Select location on Hospitality Lane between E Street and Tippecanoe Avenue

Impact Level: In an effort to minimize impacts to businesses during the day, water meter relocation work will take place at night.

Water service interruption will be minimal and only take place when the meters are ready to be connected to the main water line. Businesses will be notified 24 hours ahead of an up to two-hour period to connect the line.
